

Mammo Day & *Women's Way* event Dec. 6

Jacobson Memorial Hospital Care Center in Elgin is inviting you to a special event from 11 a.m. to 2 p.m. MT on Monday, Dec. 6, at the Elgin Community Clinic. On that day, the mobile mammography unit will be at the clinic to provide mammograms to those who are due for a screening.

Coupled with this service, representatives from Custer Health *Women's Way* will be at the clinic to help enroll eligible women in *Women's Way* to help pay for their mammogram that day! You may also enroll beforehand by calling Custer Health at 888-667-3370.

Women's Way may provide a way to pay for breast and cervical cancer screenings for eligible North Dakota women.

You may be eligible if you are a woman who:

- Is age 40-64
- Meets income guidelines
- Has insurance that doesn't cover mammograms or can't afford to pay her deductible or copayments or doesn't have insurance
- Is not enrolled or eligible for Medicaid or Medicare Part B
- Is 65 or older and is not eligible for Medicare or cannot afford Medicare Part B
- Is age 21-39, has symptoms or is due for a Pap test or needs breast or cervical diagnostic procedures

Those who are due or past due for a mammogram are encouraged to take advantage of this special event, because your health is important!

"JMHCC, in partnership with Custer Health *Women's Way*, has developed this event to not only raise awareness about the importance of a regular mammogram, but to help those who are eligible to enroll in *Women's Way*," said JMHCC Radiology Supervisor Shaun Schottmiller.

"We are excited to partner with Jacobson Memorial to increase access to mammography and identify women who may benefit from *Women's Way*," said Becca Nielsen, *Women's Way* local coordinator.

If you have questions about the event or to schedule your mammogram, please contact the Elgin clinic at 584-3338.
